**The Mission of Life Project for Africa is to save life and give hope to the poor in Africa. LPA was initiated as a Westchester, NY-based grassroots volunteer organization formed in 2005 to fund and build, among other priorities, a health facility in Dar es Salaam, Tanzania, where no medical care was formerly available.**

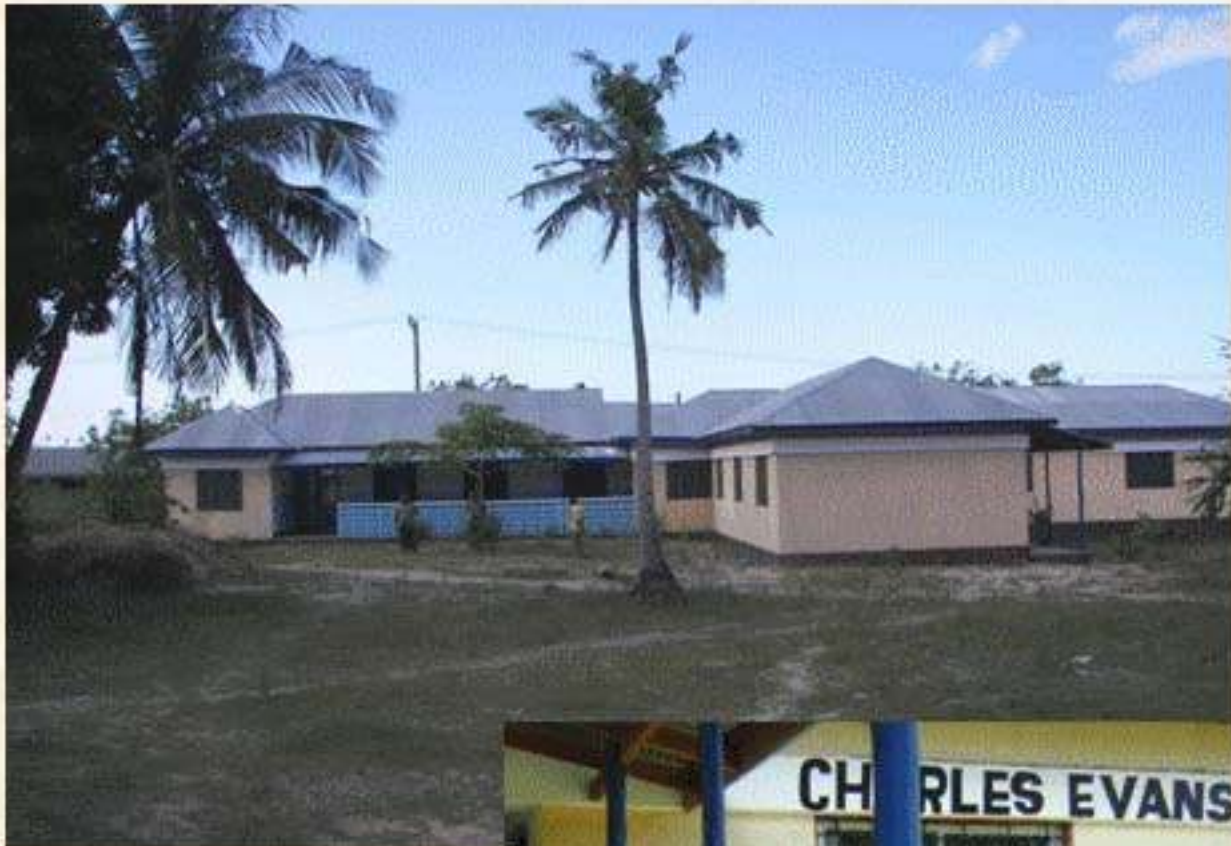

**LPA is committed to promoting sustainable services and self-sufficiency by providing health care, clean water, education, shelter and orphan care for the most vulnerable. We have the unique ability to do great things with the most modest of resources and a minimum of bureaucracy.**

**Front Cover: Children from a nearby school in Dar es Salaam, Tanzania quench their thirst each day at a water faucet at Njia Health Center. The well provides water to Njia, which serves the surrounding community with particular attention to maternal/child medical services. All are made possible with funds from supporters like you.**

Life Project, Inc. is a non-profit organization with 501(c)(3) status engaged in supporting numerous critical initiatives in Africa.
